

Calling All Crafters!

Hi folks, I'm the new *Social Committee Rep* for **Local 1594**.

Winter is here, and it can be loooooonnnngg. The cold often keeps us indoors.

We have many talented crafts people and artists on staff!

Anyone interested in meeting weekly, bi-weekly or monthly at one branch, or at each branch, sharing their skills and ideas while getting to know each other?

The sky's the limit! – knitting, crocheting, rug hooking, art cards, collage, stamping, etc.

A room could be booked from 12:00-2:00 p.m., allowing staff to come on their lunch breaks.

Bring your materials, which can be cleaned up and stored efficiently at your location.

Group, themes, instructed individual projects welcome.

Please let me know if you are interested and what ideas you may have.

If we have enough work to show, we might even have an installation or **Sale** come spring!
